SUMMARY

EDUCATION

COMPUTER SCIENCE & ENGINEERING (ARTIFICIAL INTELLIGENCE)

Meerut Institute of Engineering & Technology (MIET)-Meerut | 09-2023 - Present

CGPA: 6.5

SCIENCE

Maiti Inter College-Pratapgarh, Uttar Pradesh

Percentage: 62% (2021–2022)

B.TECH/B.E. IN ARTIFICIAL INTELLIGENCE

Meerut Institute of Engineering & Technology-Meerut

PROJECTS

IoT-Based AI Accident Detection

05-2026 - Present

Developed an IoT-based road accident detection system using AI and embedded hardware.

Designed to detect accidents automatically and send real-time alerts with GPS location to emergency contacts. Implemented AI-based accident classification to reduce false alarms.

Integrated IoT technologies for real-time monitoring and emergency notification. Technologies

Used: Python, ESP32-S3, IoT, GPS, GSM, Firebase, TinyML, TensorFlow Lite.

SKILLS

- Languages: Python, SQL
- AI: LLM, SLM, Generative AI, Agentic AI
- Tools: Git, Terraform, CI/CD
- Networking: LAN/WAN, TCP/IPv4 & IPv6, Routing, Switching
- Cloud Platforms: AWS

SOFT SKILLS

- Communication
- Teamwork
- Leadership
- Problem Solving
- Quick Learning

CERTIFICATIONS

- Python

- Generative AI
